

Two Ways You Can Help Your Patients Make a Successful Transition After Cancer Treatment Ends.

Offer *What's Next For My Life?*™ patient-funded life coaching programs via teleconference or at your facility.

Two programs can be offered as a telecourse or in your facility - *Transition After Treatment Ends* and *Thriving as a Survivor*. They can be offered stand alone or consecutively. **Patients pay a normal co-pay cost.** Over 95% of participants **report significant increases in their ability to make choices and take action** when the “safety net” of active treatment ends.

Supports survivorship plan and long term wellness.

WHAT'S NEXT AFTER CANCER TREATMENT ENDS? Transition Workshop / Telecourse.

Normalizes transition and creates foundation to create a meaningful healthy lives based on personal values, ideals, and circumstances. **For patients 60 days before end of treatment up to 18 months post.**

LIVING WHAT MATTERS MOST TO ME! Survivor Workshop / Telecourse

Helps create and implement long term goals about what matters most with the support of fellow survivors. Participants examine their own values; clarify and apply their individual strengths; and bring their unique purpose and passion into the world. Provides tools and ongoing support to create sustainable change throughout life. **For survivors who are one year or more off active treatment.**
